

CSCI Consulting Opens New Office in Columbus, Ohio

Responds to Rapid Growth in the Midwest IT Sector

Indianapolis, Indiana, November 30, 2011 --- **CSCI Consulting, Inc.**, a leading information technology company, today, announced that they are opening a new office in downtown Columbus, Ohio, effective December 1st, 2011, in response to increased regional growth from new contracts and business opportunities with Ohio State agencies as well as Federal initiatives.

The new CSCI office is located at 21 East State Street, Columbus Ohio 43215, which is located just across the street from the Ohio Statehouse and in close proximity to numerous State agencies. The new location will allow CSCI to be well positioned to provide prompt and effective services to their clients, and is projected to generate over \$2 million in sales for 2012.

“These are dynamic times for CSCI’s regional development and there is a tremendous market in Ohio that we are expanding into,” said Michele Meyer, President of CSCI Consulting. “We are seeing an increased demand for advanced information technology solutions as business and government leaders transform the way they look for ways to gain efficiency and save money. The opening of CSCI’s new office is an important step toward investing in the Ohio community, effectively utilizing our Ohio State Term Schedule and expanding our footprint in the Midwest.”

About CSCI Consulting

Founded in 2002 by Michele Meyer, CSCI is a leading information technology company, headquartered in Indianapolis, Indiana. Named as one of the fastest growing privately held companies in the Midwest, CSCI specializes in business intelligence, enterprise resource planning implementation, data warehousing, semantic web, customized software training and a variety of sophisticated tools and technologies.
